Sperm Freezing ( <i>1 – 3 months – N150,000; 4-6 months -N300,000; above 6 months – N500,000</i> )	

### **THE WINDOW OF COUNT YOUR BLESSINGS (CYB) OFFERS YOU TWO CYCLES OF IVF PROGRAM.**

Registration for **Count Your Blessings** program will start on the 27<sup>th</sup> of May, 2022 and ends on 31<sup>st</sup> August, 2022. The IVF treatment will commence in September, 2022.

The payment of **N1,150,000** entitles you to *two* cycles (trials) of IVF treatment. The payment covers the following:

- IVF Medications
  - Oocyte Retrieval
  - Embryo Transfer
  - Embryology Technical Fee
  - Oocyte Donor Fees (*covers egg donor programs*)
- The two cycles of IVF are to run consecutively unless otherwise stated by the IVF Team. During the course of the IVF treatment, procedures like *Endometrial Fluid Drainage, Cystostomy, Cystectomy, Intrauterine Adhesiolysis, freezing of gametes / Embryos, Mock Embryo Transfer (ET) under General Anaesthesia (GA), Manual Vacuum Aspiration (MVA), HAC Instillation, Fluid drainage, Endometrial Growth Factor (EGF)* etc, will attract an additional cost. Every program is tailored to suit the needs of the patient's cycle and treatment program. Not every patient will benefit from ancillary procedures. You will be duly informed if you will benefit from any ancillary procedure

### **REGISTRATION AND REVIEW OF INVESTIGATIONS.**

You are not expected to pay required to pay for registration and investigation first (see table above) to commence the preliminary stages. **Registration and Investigation fees are non refundable.**

All clients will make the payment for the 2 cycles of IVF treatment (i.e., N1,150,000) within one week from 1st September, 2022 to 7th of September, 2022. It will be paid at once.

Once you have completed your registration at the SALT Foundation office, you will be seen by an IVF team member for clerking of your medical history.

Thereafter your laboratory investigations will be scheduled if it cannot be done on the same day. ***Please note that when coming for your investigation, the female client is expected to come fasting. An 8 to 12-hour fast period is required prior to when she comes to the hospital on the morning of the laboratory tests.*** Basically taking your last meal by 11pm to 12 midnight the previous night, will leave a good window of fast for the laboratory tests in the morning between 8am to 11am. ***Male partners are expected to abstain from sexual intercourse for 3 days, before semen analysis. When the couple are through with the investigations (results are usually ready within 72 hours), they will be booked to meet with the IVF Physician who will review the results and map out a plan for the IVF program.***

***Please note that after your blood sample has been collected in the Laboratory, the male partner is expected to return to the IVF unit for semen production.***

A Mock Embryo Transfer (ET) will be done when the patient has been found fit to commence the program.

You will be expected to sign all the necessary consent forms before your treatment plan is outlined to you. Please obtain clarifications regarding your IVF treatment from the IVF team assigned to you. All programs under the platform of SALT Foundation are considered Shared Risk Programs. This shared risk program entitles you to ***two*** trials of IVF. In plain terms, if you are registered for the 2-cycle program, you are entitled to a second IVF program at no additional cost if the first IVF cycle does not give a positive result. However, if you get pregnant after the first cycle of IVF, **there will be no refund of any kind (partial or total).**

#### **WHEN YOUR PREGNANCY TEST IS POSITIVE**

When your pregnancy test is positive, you will be placed on a Luteal support program which spans for a period of 8 weeks. The Luteal Support program covers your medications, ultrasound scans and consultations during your first trimester. We will manage your pregnancy till you are 8 weeks and have done a prophylactic cervical cerclage. Once you test positive, you will be booked for your first scan at the SALT Foundation office.

During the Luteal Support program, the presence of a gestational sac with good cardiac activity at 8 weeks of gestation closes the Window of **COUNT YOUR BLESSINGS**. Any pregnancy loss after 8 weeks of gestation will require a new registration to assess the SALT Foundation platform for IVF treatment. Please find below services to be rendered after a positive test result.

Luteal Support:	-	N200,000 ( <b><i>Immediately after a positive pregnancy test</i></b> )
Foetal Reduction:	-	N600, 000 ( <b><i>If babies are more than desired</i></b> )
Cervical cerclage	-	N150,000 ( <b><i>at 12-13 weeks</i></b> )
Antenatal Registration	-	N100,000 ( <b><i>after 12 weeks</i></b> )
Foetal Lung Maturation	-	N100,000 ( <b><i>at 28 weeks</i></b> )
Caesarean Section.	-	N500,000 or N700,000 ( <b><i>Surgery fee only- does not cover your admission bills</i></b> )
